

Town of Lunenburg Supports New Daycare Facility

NEWS RELEASE

June 13, 2024

The Town of Lunenburg is excited to announce its strong support for the Lunenburg Day Care Centre's application for provincial funding to build a new facility. This project aims to meet the growing need for quality childcare in our community and create a versatile space that will benefit everyone.

With a rise in young families and children, our current daycare services are at full capacity, leaving many families on waiting lists. The new facility will address this demand and support our expanding community.

One way the Town is supporting this project is by assisting the Lunenburg Day Care Centre in finding a new location, including the potential provision of Town-owned land. The Town is exploring the possibility of a new mixed-use daycare and recreation building at the recreation complex. This site is already equipped with utilities and ample parking, making it an ideal and cost-effective location. The new facility would complement existing amenities like playgrounds, the pool, fields, and Bluenose Academy, enhancing the area as an educational and recreational hub.

We are pleased to announce that discussions are underway. This will appear on a future Council agenda. We will share updates as they become available and look forward to hearing what residents think about this exciting possibility. **We welcome your thoughts and suggestions at kbyrne@townoflunenburg.ca or by mail.** All correspondence will be added to the relevant Council agenda.
